[Engage PEO Continues Industry-Leading Growth With Expansion of National Operations Center](#)

Company Prepared to Meet Growing Demand for HR Expertise and Guide Small and Mid-Size Businesses Through New Mandates

Fort Lauderdale, Fla. ? March 2, 2015 ? [Engage PEO](#), a leading professional employer organization providing HR outsourcing solutions to small and mid-sized businesses across the U.S., announced today that it is expanding its National Operations Center located in St. Petersburg, Florida. The addition will double the size of Engage?s Operations Center to accommodate the company?s rapid growth and enhance the ability of its human resource and technology service teams to meet the needs of Engage?s growing client base.

?The intensity of today?s regulatory environment is a top issue for business leaders and their organizations,? says Jay Starkman, CEO of Engage. ?Whether it?s dealing with new compliance challenges, managing risk, or handling complex employment and tax-related reporting, an increasing number of employers are looking for expert counsel and affordable solutions. This operations center expansion is just one way that Engage is making sure it is well prepared to meet the growing demand for our services.?

The new office space will house the company?s growing HR service teams, which include dedicated HR field managers - all of whom are lawyers - in addition to payroll, safety, tax, client service and benefits specialists, and the team that manages technology solutions for Engage clients.

?Client needs will always drive Engage?s growth,? said Starkman. ?From our physical office space, to our national footprint, to our technology platform, to the size and scope of our service teams. For us it?s all about anticipating employer needs and giving clients what they want when they want it. Everyone at Engage is focused on that, especially at a time when employers need counsel more than ever.?

The company?s National Operations Center will remain located at 3001 Executive Drive in The Centres executive office complex. The new space is scheduled to be completed by May, 2015.
