## Engage PEO Client Alert - Massachusetts COVID-19 Emergency Paid Sick Leave Expires March 15 Application for Reimbursements due April 29

On May 28, 2021, a temporary Massachusetts law providing 40 additional hours of paid sick leave (prorated for part-time employees) for COVID-19 related reasons went into effect. Employers were able to apply to the state for reimbursement for up to \$850 per employee, including the cost of benefits. The law was extended and set to expire on April 1, 2022, or until the exhaustion of \$100 million in program funds.

**What's New:** Since applications for reimbursement from the program fund are approaching their full budged amount and have reached \$85 million, the program ends on March 15, 2022. The Massachusetts Office for Administration and Finance has set the deadline for employers to apply for reimbursement on April 29, 2022.

**What Employers Should Do:** Employers should notify employees whose primary place of employment is in the Commonwealth of Massachusetts of the program's end date and submit any outstanding reimbursements <u>here</u>.
