* Employers in states without minimum wage laws, or with minimum wage rates lower than the federal minimum wage, which is currently \$7.25 an hour, must observe the federal minimum wage for all employees covered by the Fair Labor Standards Act. States that permit tip credits require employers to ensure that the employees' tips and the reduced hourly wage rate equal at least the required minimum wage rate and must keep accurate records of employees' tips. Check your local laws to confirm compliance.

** Maximum tip credit and minimum tipped wage information are not tracked on this chart for municipalities.

*** Youth rates and job training participant rates are not tracked on this chart.
