*\* The minimum wage information provided in this alert is for informational purposes only and is based on known increases at the time of publication. Some jurisdictions may announce their increases subsequent to this alert. Employers in states without minimum wage laws, or with minimum wage rates lower than the federal minimum wage, which is currently \$7.25 an hour, must observe the federal minimum wage for all employees covered by the Fair Labor Standards Act. States that permit tip credits require employers to ensure that the employees' tips and the reduced hourly wage rate equal at least the required minimum wage rate and must keep accurate records of employees' tips. Check your local laws to confirm compliance.*

*\*\* Maximum tip credit and minimum tipped wage information are not tracked on this chart for counties or municipalities.*

*\*\*\* Youth, job training participant, agricultural, home health workers, seasonal rates, and subminimum wage rates are not tracked on this chart.*
